Z3618

1-10 YEARS

2-5 PERSONS-HOURS

Product Information

Product type	Sand playground equipment
Certification	EN-1176
Dimensions	3,6 x 3,6 x 0,4 m (length x width x height)

Technical Information

Maximum fall height	-
Security zone	- m ²
Number of children	25
No concrete required	

Materials

Type of wood: larch beams, ash pins
Pre-drilled beams 1,8 m (9 x 9 cm)
25 mm pins
Filter cloth to lay at the base
Options:
HDPE polyethylene seats
Waterproof plate cover 18 mm with plastic handles
Net cover in HDPE polyethylene

Product Description

Traditional sandbox with an L-shape. The sandbox consists out of pre-drilled beams (9 x 9 cm) which are connected to each other by means of ash pins. A filter cloth is included. It is possible to extend the sandbox with 4 HDPE polyethylene seats in the corners (Z3618). Possibly, the sandbox can be covered with waterproof plate covers 18 mm with plastic handles (D3618) or a net cover in HDPE polyethylene (N3618). Due to weather conditions, deformation of the cover plates may occur, however this can be solved by turning the plate.
