BEAM SANDBOX (SMALL SQUARE)

ZI818

1-10 YEARS

1-2,5 PERSONS-HOURS

Product Information

Product type Sand playground equipment
Certification EN-1176
Dimensions 1,9 x 1,9 x 0,4 m
(length x width x height)

Technical Information

Maximum fall height 0,40 m
Security zone 24 m²
Number of children 10
No concrete required

Materials

Type of wood: larch beams, ash pins
Pre-drilled beams 1,8 m (9 x 9 cm)
25 mm pins
Filter cloth to lay at the base
Options:
HDPE polyethylene seats
Waterproof plate cover 18 mm with plastic handles
Net cover in HDPE polyethylene

Product Description

Traditional sandbox with the shape of a square. The sandbox consists out of pre-drilled beams (9 x 9 cm) which are connected to each other by means of ash pins. A filter cloth is included. It is possible to extend the sandbox with 4 HDPE polyethylene seats in the corners (ZI818). Possibly, the sandbox can be covered with waterproof plate covers 18 mm with plastic handles (DI818) or a net cover in HDPE polyethylene (NI818). Due to weather conditions, deformation of the cover plates may occur, however this can be solved by turning the plate.
