### Product Description

Colorful combination playground equipment for children aged 2 to 6. The playground equipment consists of a playhouse with a platform height of 93 cm, from which a plastic slide leaves. The playhouse can be accessed via an easy staircase with metal handrails. Below a play floor was arranged, on top there is a bench. The whole is covered with a two-fold roof from rounded colorful HDPE polyethylene panels. From the playhouse one can walk via an arched bridge with railings to a lower open platform. The lower platform can be ascended via a HDPE polyethylene climbing arch with wooden climbing holds and via a ladder with metal rungs. Various parts of the playground equipment are equipped with plastic handles that facilitate climbing. The roundwooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
