 Special tire seats on galvanized chains
 Galvanized metal base supports

Product Description

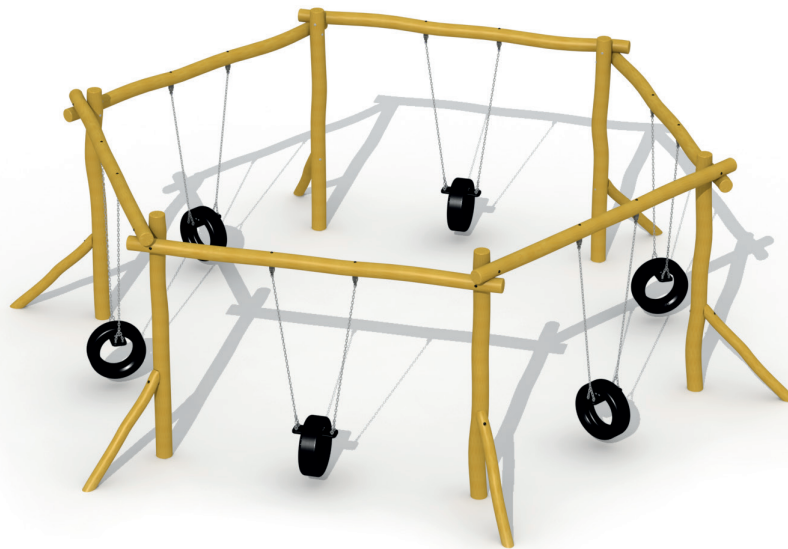

Wooden sixcorner swing for children aged 4 to 15. The swing is made of 6 vertical posts in robinia and 6 horizontal beams in robinia. The vertical posts are interconnected with the horizontal beams and look like a hexagon. The special tire seats are attached to maintenance-free swing hooks with galvanized chains. The tire seats prevent the children from jumping of their seats and collide. The swing is fixed into the ground with concrete.
