Product Description

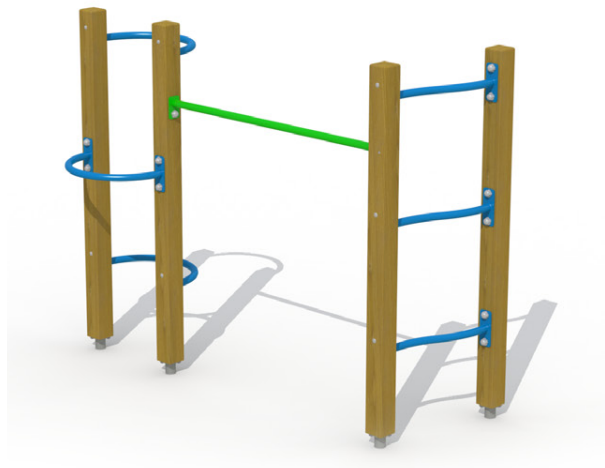

Junior acrobat for children aged 4 to 8. This junior acrobat has 2 brackets ladders on both sides, made out of larch square poles connected with each other by a polyester coated tube. This tube is placed at a height of 1,30m. The square larch poles of 9 x 9 cm are fixed into the ground by using metal base supports. All metal parts are treated against rust and all nuts and bolts are completely covered with plastic protection caps.
