Product Description

Adventurous playground equipment for children aged 6 to 15. The suspension arch is attached to 2 roundwooden larch poles of 12 cm diameter by means of hanging ropes and galvanized chains. On the vertical poles are plastic handles to which one can hold himself. In front and back of the equipment is a roundwooden beam in oak to make children can easily go on or off the article. The roundwooden larch poles are fixed into the ground by using metal base supports. All nuts and bolts are completely covered with plastic protection caps.
