Product Description

The trailer consists of a crawl hole in front, two benches in the middle and a climbing wall at the back and is suitable for children aged 2 - 6. The top construction is made out of larch with boards of 22, 35, 45 mm. The side panels and wheels are made out of HDPE polyethylene. The girders are made out of oak. This playground equipment comes preassembled. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps.
