Product Description

Passenger carriage with 2 built-in sitting benches and a terrace at the back. The top construction is made out of larch, the girders out of oak. This is a special version of the passenger carriage with an open roof. The passenger carriage comes preassembled. It can be connected to a locomotive (T101), tank wagon (T300) and a dining car (T400) by means of a connection bridge (T500). It can stand free on the ground without fixation. All metal parts are treated against rust and all nuts and bolts are completely covered with flowershaped protection caps.
